**Footnotes:**

1. The above criteria should be considered the minimum and Trusts would be entitled to add other criteria (both essential and desirable) to take account of local circumstances.
2. The professional qualifications and training requirements listed apply to individuals who are currently undertaking training to Consultant level, or have completed specialist training within the last few years. Existing consultants and other individuals, who have gained entry to the specialist list during the mediated entry period, will not be expected to hold all or any of these professional qualifications and might not have followed the established training pathway, which is why the term 'or equivalent' is used.
3. Current holders of an NHS or Honorary Consultant Contract in Restorative Dentistry are eligible for short-listing.
4. Applicants who are nationals from another EEA country or overseas would have to demonstrate equivalent training/qualifications and be eligible for registration and inclusion on the United Kingdom General Dental Council's specialist list in Restorative Dentistry
5. For Honorary Consultant posts linked with Senior Lecturer/Professional appointments there would be additional criteria, as required by the relevant university.
