Examinations and Assessment Unit  
Royal College of Physicians and Surgeons of Glasgow  
232-242 St Vincent Street  
Glasgow, G2 5RJ  
Telephone +44 (0)141 221 6072  
Fax +44 (0)141 221 1804  
[miscd@rcpsg.ac.uk](mailto:miscd@rcpsg.ac.uk)  
[www.rcpsg.ac.uk](http://www.rcpsg.ac.uk)

All specific enquiries on the examination should be directed to the Royal College of Surgeons of England who are the administering College for this examination.

**1.2** All parts of the examination are conducted in English.

The Examination will be held in the UK according to demand.

## **2 PURPOSE & AIM OF THE EXAMINATION**

### **2.1 PURPOSE**

The Diploma of Membership in Oral Surgery is a summative assessment in the field of Oral Surgery as defined by the Learning Outcomes. It is intended to test the candidates' knowledge and understanding relevant to the practice of a Specialist in Oral Surgery. The Learning Outcomes are those laid down in the Specialty Training Curriculum, Oral Surgery from the Specialty Advisory Committee for Oral Surgery and agreed by the General Dental Council.

### **2.2 AIM**

To allow the candidate to demonstrate a core knowledge and understanding of the principles and practice of Oral Surgery and the planning and delivery of Oral Surgery.

**2.3** Candidates should be aware that attaining the award of the Diploma in Oral Surgery does not confer eligibility for the UK Specialist List for Oral Surgery.

## **3 STRUCTURE OF THE EXAMINATION**

**3.1** The Examination consists of three components. At their first sitting candidates must attempt all three components of the examination. Each component must be passed independently. At any subsequent sitting, candidates must attempt all outstanding elements of the examination (see 14.1).

**3.2** The Examination will consist of:

- Written Examination consisting of Single Best Answer (SBAs) Questions (180)
- Six Objective Structured Clinical Examination (OSCE)
- Eight Unseen cases and associated oral examinations

Candidates should refer to the document "Guidance to Candidates" which can be downloaded from the College websites or obtained by post from the Colleges. This contains further information on the Examination structure.

## **4 ENTRANCE REQUIREMENTS**

**4.1** To be eligible to enter for the Diploma examination all candidates must provide certified evidence of possession of a primary dental qualification that is acceptable to the Colleges.

**4.2** Candidates may apply for entry to the examination having completed 30 months of full-time or equivalent part-time training acceptable to the Colleges by the date of the examination. The training should preferably be continuous but in some cases breaks in training may be permitted. The total training period should not normally exceed six years.

4.3 To be eligible for the examination, prospective candidates must fulfil one or more of the following criteria:

**A. Have satisfactorily completed, by the time of the examination, a minimum of 30 months of a full-time 3 year training appointment (or part-time equivalent i.e. not less than half-time over a maximum of six continuous years) in a UK training programme as a stipendiary StR who has been awarded a training number.**

**B. A university Masters or Clinical Doctorate degree programme which parallels the training programme completed by an StR i.e. have satisfactorily completed, by the time of the examination, a minimum of 30 months of a full-time 3 year training appointment (or part-time equivalent i.e. not less than half-time over a maximum of six continuous years). It is necessary that candidates be able to provide evidence that they have completed the learning outcomes described for their specialty when applying to complete the Membership examination. This evidence should be in the form of a portfolio which should include the course curriculum, the training programme, the clinical and academic timetable for the training period, work-based assessments (incorporating evaluations carried out during chairside teaching) and a logbook.**

**C. Have satisfactorily completed, by the time of the examination, a minimum of 30 months of a full-time 3 year specialist training appointment (or part-time equivalent i.e. not less than half-time over a maximum of six continuous years) overseas or in the EEA which has been considered and found to be acceptable to the Colleges.**

**D. Be registered as a Specialist in Oral Surgery in the UK.**

If candidates wish to apply under 4.3 (b) or (c) for entry to the examination they should submit their portfolio of evidence. Candidates are advised to check their eligibility after 30 months of training and if it is agreed they are eligible, can apply for the next diet of the examination. The administering College together with the Tri-collegiate Examination Board will then assess their eligibility to take the examination. If the submitted evidence is incomplete candidates may not be granted eligibility for that diet. No evidence will be accepted beyond the submission period for those wishing to apply under 4.3(b) or (c)

## **5 ELIGIBILITY FOR THE AWARD OF THE DIPLOMA**

**5.1** To be eligible for award of the Diploma candidates must have complied with all parts of the Regulations and passed the Examination. Award of the Diploma is dependent on receipt of satisfactory evidence that the candidate has completed a period of three years of full-time post-qualification or equivalent part-time training in oral surgery acceptable to the Colleges. Post-nominals may not be used until the successful candidate has formally affiliated to the College of their choice.

## **6 APPLICATION FOR ADMISSION TO THE EXAMINATION**

- 6.1** Applications for admission to the examination must be fully completed and accompanied by the required certified evidence and the full amount of the fee payable for the examination. Each diet of the examination will be advertised by all three Colleges and candidates should send their application form to the administering College.
- 6.2** Applications must be made on the appropriate (paper or electronic version) application form and must reach the administering College by the specified closing date. Those received after the closing date will not be processed.

## **7 RESULTS**

- 7.1** Results will be posted on the relevant secure College website and distributed by post.

## **8 FEEDBACK**

- 8.1** Unsuccessful candidates will be provided with written feedback on their performance on request within one month of the publication of the results. Feedback is not available to successful candidates.

## **9 LIMITATION ON THE NUMBER OF ATTEMPTS**

- 9.1** There are three parts to the examination: SBAs, unseen cases and an OSCE. Candidates passing one or two parts at the first attempt may sit the sections that have been failed three times over the next two years. However, if they fail to complete the three sections within the two-year period, they will not be allowed to attempt the examination again.

## **10 INFRINGEMENT OF THE REGULATIONS**

- 10.1** The Colleges may refuse to admit to the examination, or may not allow to proceed with the examination, any candidate who infringes any of the regulations or who is considered by the examiners to be guilty of behaviour prejudicial to the proper management and conduct of the examination.

Examples of such infringements can be found in the Guide to Candidates

- 10.2** The list of examples in the Guide to Candidates is not exhaustive. Further information can be obtained from the guidelines on suspected malpractice which are available on the College websites.

## **11 APPEALS AND COMPLAINTS**

- 11.1** Candidates who wish to make an appeal about the conduct of their examination must address it to the relevant College within 28 days of the dispatch of results in writing. Appeals will be considered which allege maladministration, bias or impropriety of some kind, whether in the conduct or in the determination of the result of the examination. Appeals disputing the academic judgment of the examiners will not be allowed. Details of the appeals process can be found on the website of the administering College.

## **12 WITHDRAWAL FROM THE EXAMINATION**

- 12.1** Any candidate who wishes to withdraw an application for admission to the examination must notify the relevant College in writing. A refund or transfer of the fee paid may be made (less an administrative fee), provided that notice of an intention to withdraw is received by the relevant College before the closing date by which applications are due, as shown in the examinations calendar. Refunds or transfers are not normally made to any candidate who withdraws after the closing date.
- 12.2** Any candidate who wishes to withdraw an application for admission to the examination on medical grounds and request a refund or transfer of fee must submit a request in writing to the relevant College, accompanied by a medical certificate. An application for consideration of a refund or transfer of fee on compassionate grounds should be supported by full details, plus a supporting letter from an appropriate professional. Each such application must be submitted to the relevant College within 28 days following the date of the commencement date of the examination.
- 12.3** The Colleges reserve the right to review admission to the examination on an individual basis in exceptional circumstances.
- 12.4** A candidate who becomes ill or has an accident during the examination must inform the Lead Examiner for that diet as soon as possible. On the advice of the Lead Examiner, the candidate may withdraw from the examination or the Lead Examiner may agree with the candidate how the candidate should proceed to complete the examination.

## **13 CANDIDATES WITH SPECIAL CIRCUMSTANCES**

- 13.1** Tailored examination and other assessment arrangements will be made for individual candidates with additional needs due to learning differences (such as dyslexia) or due to permanent or temporary disability through reasonable adjustments. These arrangements are intended to ensure that candidates are able to perform to the best of their ability and that they are not discriminated against because of learning differences or because of permanent or temporary disability.

It is the responsibility of the candidate to notify the College when they submit their application of any additional needs they have, the reason for them, and any reasonable adjustments that have been helpful in the past.

Applications for reasonable adjustments to meet additional needs are normally required to be supported by written evidence. For example, in the form of a medical report from their general medical practitioner for medical conditions, or an educational psychologist's report for a learning difference such as dyslexia.

## **14 EXEMPTIONS**

- 14.1** If a candidate has failed the examination but has passed any of the three components of the examination they will not be required to resit that component(s). A pass in the respective component may normally be carried forward for three further diets **within a time-scale of two years from the first attempt at the full examination.**

**14.2** No other applications for exemption from any other component of the examination will be considered.

## **15 PROOF OF IDENTITY AT THE EXAMINATION**

**15.1** Candidates must bring their passports to each part of the examination. Exceptionally, candidates who are not in a position to provide a passport must produce an official document that includes their name, signature and a current photograph e.g. current photographic driving license.

**15.2** For the purpose of visual identification, any candidate sitting any examination may be required to remove any clothing and/or other item which covers all, or part of, the candidate's face. The Colleges will observe sensitivity in the visual identification of candidates.

**15.3** To facilitate the assessment of non-verbal communication skills and interaction with the examiner, the Colleges reserve the right to require candidates to remove any clothing and/or other item which covers all, or part of, the candidate's face.

## **16 DIPLOMA CERTIFICATE**

**16.1** Candidates who pass the Examination held jointly by the Royal College of Surgeons of Edinburgh, the Royal College of Surgeons of England and the Royal College of Physicians and Surgeons of Glasgow shall be entitled to the designation of Member in Oral Surgery of their chosen Faculty and shall receive a diploma of membership bearing the seal of that College.

**16.2** Successful candidates will be granted Membership of the Faculty of Dental Surgery of the relevant College on payment of such election fee and annual subscription as may be determined from time to time by the Council of the relevant College. Members of the Faculty of Dental Surgery may participate in Faculty and College educational and social activities.

## **17 CURRICULUM – this is defined by the LEARNING OUTCOMES**

**17.1** **LEARNING OUTCOMES** are available on the General Dental Council website at: <http://www.gdc-uk.org/Dentalprofessionals/Specialistlist/Documents/Oral%20Surgery%20Curriculum%20February%202014.pdf>
